

Brick Stitch Flower Earrings

By The Artisan Duck

For the full tutorial please see – <https://theartisanduck.com/2022/09/02/brick-stitch-flower-earrings-tutorial/>

This pdf is for the basic flower shape for my brick stitch flower earring tutorial. I cover in depth on my blog and YouTube video how to make this into a pair of earrings with faceted bead drop.

As ever, this is my pattern which is not to be shared, taught, or sold. If you make the earring (or anything else that I have as a tutorial) and share the finish item online then please don't forget to tag me @theartisanduck on Facebook, Instagram and TikTok.

Happy beading!
